

TECHNOLOGY SOLUTIONS THAT WORK

A pair of hands, one in a dark sleeve and one in a light sleeve, gently cradle a small, leafy sapling. The background is a bright, hazy landscape with a sun flare effect.

WE CONTINUE TO PROPEL YOUR BUSINESS WITH THE ENVIRONMENT IN MIND

It starts with passion.

Being passionate comes easy when you genuinely enjoy what you do. We love solving problems, telling our clients' stories, and hatching ideas that help you be the leader in your space. We advocate green technology and that is where we differentiate from the others.

We're not a jack-of-all-trades, master of none. Our size (roughly 20 staff) affords us the ability to offer numerous special-

ties while still maintaining a boutique feel. Our pool of talents are major players of what we do and can display proven expertise in their respective fields.

We mind your business.

We know that your success is our success. That's why our work-till-it's-done right philosophy makes us committed to every project. Because thrilling our clients is not everything, it's the only thing.

WHO WE ARE AND WHAT WE DO

THE FUTURE OF BUSINESS IS DEFINED BY THOSE WHO ARE PREPARED FOR WHAT'S NEXT

Moving beyond means implementing an IT environment that can handle the unexpected, and having answers while rendering excuses obsolete. We at IntelStar Technologies is building a competitive edge into your IT environment and transforming the way we deliver services to our client like you. We move beyond shifting a new operating model for enterprise as IT Service.

Established by a group of young and dynamic professionals in the IT industry who thinks differently in finding ways to propel your business in the 21st century environment. Their strategies is to be more cost-effective and environmentally sound while maintaining your business on the top.

We are not new in the business and we can provide solutions in every aspects of technology integrations. We believe that in today's business, what is important is the quality and support you can get to your business beyond your competitors.

That is why, we specialized in IT solutions that we consider as the most anticipated areas of concern in today business paradigm. IntelStar provides world class professionals dedicated to give you the service from start to finish.

ITS TIME TO MAKE YOUR MOVE.

WE THINK DIFFERENTLY, JUST LIKE EVERYBODY ELSE

There's no shortage of creative thinkers out there. What's a little harder to find are creative thinkers who understand technology in business – what drives consumers to buy, what makes brands compelling, and how technology works in a small strategic decisions today can have huge ramifications to the bottom line down the road.

That's where IntelStar has its niche. We've got crazy-talented creatives and techno gurus behind us who makes significance contributions in all projects that we do.

COMPREHENSIVE. We at IntelStar Technologies, provides a comprehensive range of IT services, as what is professionally known as a systems integrator, providing not only consultancy but also the software and hardware built into the service package.

QUALITY SOLUTIONS. We are dedicated to that mission - to provide quality IT solutions to you as our client. Our team has built the kind of cutting edge know-how in the Information Technology field that can assure each client that their IT problem-solving is in good hands.

IT SOLUTIONS THAT MOVE BEYOND
